

Mind is the Grand Creator

“Mind is the grand creator” no power apart from Mind.
In every pure expression a vision of grace we find.
The morning bird’s song, violet sunset, verdant hill,
Reflect the “colour, form, expression” of Love’s will.

Wisdom’s illumination reveals beauty everywhere.
The symbols of Soul’s creation lead us in constant
prayer
To the holy, sweet, “unsearchable realm of Mind”
Where in time our true identity we find.

Each day a new awakening to Love’s plan,
We’ll know the “glories of earth and heaven and of
man.”
