

God's Children

Words by Effie N Smith, music by Carl Maria von Weber

God created man and all things
Pure and holy in His likeness.
Free from sickness, toil and sorrow.
To reflect their Father's brightness.

No false mist shall rise o'er Eden,
Dimour sight or mar God's likeness.
We God's children, free and sinless,
All reflect our Father's goodness.

In his tender love abiding,
Safe within His holy dwelling.
Faithful witness ever bearing,
To the Father's true creation.
